## PROFESSIONAL SUMMARY

---

Software Engineer with 5+ years of experience building scalable web and desktop applications using JavaScript, TypeScript, React, Next.js, Node.js, .NET (C#), and SQL. Skilled in frontend architecture, API integration, performance optimization, and Agile delivery. Experienced in remote collaboration, developing responsive user interfaces, and delivering production-ready solutions.

## TECHNICAL SKILLS

---

**Programming Languages:** JavaScript, TypeScript, C#, SQL

**Frontend:** React, Next.js, React Native, TailwindCSS, HTML5, CSS3, SASS

**Backend:** Node.js, .NET

**Cloud / Tools:** AWS, Git, CI/CD, Testing Automation

**Development Practices:** Agile Development, Scrum, Code Reviews, Clean Code

## PROFESSIONAL EXPERIENCE

---

**Founder & Software Engineer** — Async Creatives (Johannesburg) Jan 2023 – Present

- Provided software development and IT consulting services to small businesses.
- Led a small freelance team and built partnerships to support delivery and growth.
- Oversaw end-to-end project delivery, ensuring quality, stability, and client satisfaction.

**Intermediate Software Engineer** — Param Solutions (Remote, Johannesburg) Oct 2024 – May 2025

- Contributed to full-stack application development using React and .NET (C#).
- Improved performance and maintainability through refactoring and code optimization.
- Collaborated with distributed teams to deliver features on schedule and improve product stability.
- Implemented automated testing processes to improve QA efficiency and reduce defects.

**Frontend Developer / Junior Web Developer** — Alfeco (Sandton) Mar 2022 – Aug 2024

- Promoted from Junior Web Developer to Frontend Developer, leading key UI improvements.
- Developed and maintained responsive web interfaces using React, Next.js, and TailwindCSS.
- Collaborated with backend developers on a loan management system, improving usability and performance.
- Integrated Microsoft services into internal tools to optimize business workflows.

**Software Developer (Freelance)** — Remote Jul 2021 – Jul 2023

- Designed and developed web and mobile applications for clients worldwide.
- Built scalable systems using clean architecture and optimized database design.
- Managed multiple concurrent projects using Agile principles and client-driven delivery.

**Administrative Assistant** — University of Johannesburg Jan 2019 – Feb 2020

- Managed scheduling, communications, and reporting across departments.

- Supported database administration, structured data entry, and documentation.

## PROJECTS

---

### **SG Maglera Scripts** — [sgmaglerascripts.co.za](http://sgmaglerascripts.co.za)

- Built and maintained a production website to support a real business brand presence.
- Implemented responsive design, modern UI patterns, and performance-focused frontend development.
- Deployed updates and maintained stability across multiple screen sizes and browsers.

## EDUCATION

---

**BA in Development Studies** — University of Johannesburg  
(Johannesburg, South Africa)

Jan 2019 – Jan 2019

## CERTIFICATIONS

---

- FreeCodeCamp — Foundational C with Microsoft (2024)
- FreeCodeCamp — JavaScript Algorithms and Data Structures (2024)
- FreeCodeCamp — Responsive Web Design (2024)
